For at least one employee with authority to direct and control food preparation and service shall be a food protection manager who has been certified by an accredited program. Only Conference for Food Protection ANSI certified Food Protection Manager courses meet the requirements of 2-102.20.

Trained managers keep food safe!

Food protection managers have an important role in formulating policies, verifying food employees carry out these policies, and communicating with employees about best practices to keep food safe.

Five Risk Factors

Top five causes of illness:

1. Improper Holding Temps
2. Inadequate Cooking
3. Contaminated Equipment
4. Food from Unsafe Sources
5. Poor Personal Hygiene

All 5 of these risk factors can be reduced by having a certified food protection manager
