CLASS SUMMARY:

This class is the first level in a three-level Management Series. Incumbents oversee divisions and execute the process and projects of the division. Incumbents are responsible for the management of functions and budget associated with an assigned unit/designated programs; are responsible for the supervision of professional, technical and/or administrative support staff assigned to the unit; ensure implementation of policies and procedures; ensure compliance; seek resources to support assigned programs; develop division goals and objectives; evaluate programs and activities; coordinate with external agencies; and serve as the subject matter expert in assigned area. Incumbents supervise staff including conducting performance evaluations; coordinating training; and implementing hiring, discipline and termination procedures.

ESSENTIAL DUTIES:

This class specification represents only the core areas of responsibilities; specific position assignments will vary depending on the needs of SJBPH.

Supervises staff including conducting performance evaluations; coordinating training; and implementing hiring, discipline and termination procedures.

Manages the functions of an assigned unit/designated program, which includes planning, coordinating, administering, and evaluating programs, projects, processes, procedures, systems, standards, and/or services. Ensures compliance with applicable laws, regulations, policies, and/or standards.

Serves as the subject matter expert and liaison with internal departments, agencies, program stakeholders and other external organizations, groups and representatives. Represents the Department at a variety of meetings, public events, on committees, and/or other related events regarding services and programs.

Researches, reviews, interprets, analyzes and prepares a variety of information, data, and reports; recommends and implements policies and procedures to improve operational effectiveness and enhancements to services or programs.

Manages assigned budget(s) and provides input to the annual budget development process; prepares cost estimates and budget recommendations; monitors, administers and controls budget allocation and authorizes expenditures; and may seek funding or revenue development opportunities.

Plans and develops division goals and objectives; coordinates the implementation of programs and services with external agencies.

Drives and maintains the ability to operate a motor vehicle as required in the provision of assigned duties.

Performs other duties of a similar nature and level as assigned.
SAN JUAN BASIN PUBLIC HEALTH
CLASS SPECIFICATION

Director

POSITION SPECIFIC RESPONSIBILITIES MIGHT INCLUDE:

Positions assigned to Public Health Innovation may be responsible for:

▪ Determining assessment methodologies and directing program and demographic data collection, interpretation and reporting;
▪ Determining community health status, public health system capacity needs, health risks of targeted populations; and emerging public health issues;
▪ Researching evidence-based strategies to improve community and environmental health and lead toward the development of a local public health improvement plan;
▪ Seeking outside funding to maintain, expand, or establish the means to effectively execute agency-related strategies and objectives;
▪ Representing San Juan Basin Public Health in a variety of community groups, agencies and professional organizations and promotes inter-entity collaboration to achieve strategic goals and objectives. Establishing and maintaining liaison with other state, federal, county, city and county jurisdictions; legislative bodies, voluntary groups and individuals;
▪ Identifying existing and potential environmental and public health risks in collaboration with local, state, and federal organizations and developing appropriate strategies. Collaborating with other leaders within San Juan Basin Public Health and our community to support and improve the health and environment of our community;
▪ Promoting innovation, critical thinking, clear communications, and responsible decision-making throughout agency;

Receipt and Acknowledgment:
I acknowledge and understand that:

- This job description, and receipt and acknowledgment of this job description, does not imply or create a promise of employment or employment contract of any kind. I understand and acknowledge that my employment with San Juan Basin Public Health is “at will” and may be terminated by me or the employer at any time with or without cause.

- The job description provides a general summary and requirements of the position in which I am employed. At this time, I know of no limitations which would prevent me from performing these functions with or without accommodation. I further understand that it is my responsibility to inform my supervisor if, at any time, I am no longer qualified for my position and/or unable to perform the job requirements or essential functions of my job.

- Job descriptions, duties, tasks, work hours, work requirements and qualifications may be changed at any time at the discretion of San Juan Basin Public Health. Further, all San Juan Basin Public Health employees understand and acknowledge that any loss of funding to SJBPH may result in employer restructuring, amended/eliminated job descriptions, and/or termination of employment.
Acceptable job performance requires: (a) proper compliance with and completion of all aspects of the job description; and (b) compliance with San Juan Basin Public Health policies, procedures, rules and regulations.

I have read and understand this job description.
